STATEMENT

Statement from Mike Quinn, Chief Executive Officer

MJ Quinn believe that every person has an entitlement to basic rights and freedoms, whoever they are and wherever they live. We are opposed to any form of modern slavery and always work with our people and partners to act responsibly and respectfully.”

Modern slavery is a crime and a violation of fundamental human rights. It takes various forms, such as slavery, servitude, forced and compulsory labour and human trafficking, all of which have in common the deprivation of a person's liberty by another in order to exploit them for personal or commercial gain. MJ Quinn Integrated Services endeavour to carry out thorough checks on all our suppliers to ensure they are taking the necessary steps to comply with the act. As a business we undertake all reasonable and practical steps, including factory, warehouse and office inspections and audits where possible, to ensure standards are being adhered to and that local legislation and regulations are complied with. Any discrepancies found will be dealt with on a case by case basis in order to tailor remedial action appropriately.

Mike Quinn

Chief Executive Officer
